

Purpose

The Health Care Provider Invoicing and Reporting (HCPIR) application is available to support Chiropractic practitioners. The HCPIR application is designed to streamline the invoice and report submission process.

In addition to HCPIR, a new tool called the Health Care Provider Portal has been introduced that allows users to view the status of submitted invoices and track and manage claims associated with ICBC. You can also use this portal to access HCPIR.

This how to guide will show you how to submit a report, submit an invoice, and submit a treatment plan using the HCPIR web application.
