RE: Okanagan College Auto Body and Collision Level 3 class

In an effort to support the Collision repair industry in the attraction and retention of technicians, ICBC is working with several stakeholders to better understand the challenges and the opportunities for ICBC to assist in this important work.

We are sending this communication on behalf of Okanagan College to make sure industry is aware of the upcoming training date.

Okanagan College's has space in their May 23 - June 29 Auto Body and Collision Level 3 class. Level 2 and 4 will be offered next spring so this is the last Level 3 class offered by Okanagan College until 2025.

Interested apprentices can apply at <https://www.okanagan.bc.ca/apply/apprenticeship>. There may be shared campus housing available (apartment style dorm suite) – visit OC Housing at <https://www.okanagan.bc.ca/housing> and contact klo_housing@okanagan.bc.ca.

Thank you,
