Hello Collision Repair Program Participants,

This Spring, ICBC is hosting industry town halls in a number of regions across the province. Our goal is to hear from you - from a program perspective - what is working well and where there are opportunities for improvement.

Thank you for providing your input on topics you'd like covered at these sessions and which locations you are interested in. We've had a chance to review and have developed an agenda to best meet your needs.

Please check the schedule below as we've made some adjustments to dates and locations to best support participation.
