Hello Collision Repair Program Participants,

We're writing to let you know about changes to ICBC's preferred rental suppliers and corresponding rental rates. Beginning September 1st, 2026, new preferred rental supplier contracts have been established with Budget Car and Truck Rental and Enterprise Rent-A-Car.

As part of the contract process, provincial rental regions have been updated, and some regions will now be supported by a different preferred rental supplier. We recognize that collision repair facilities may assist customers in arranging transportation while their vehicle is being repaired and want to ensure your teams have access to the most current information. Please review the table below to see which supplier supports your area.
